

PIG® Skimmer Oil-Only Absorbent Pillow

PIL203 Absorbs Oils, Fuels, Other Oil-Based Liquids Only, Absorbs up to 1 gal. per pillow, 10 pillows

When the situation calls for more than a mat, our high-capacity pillows deliver the absorbency you need for oils and fuels but not water.

- Pillow has large surface area, high capacity and fast-wicking filler to quickly soak up oils
- Tough, chemical-resistant polypropylene skin and filler absorb oils but repel water-based liquids
- Polypropylene skin resists chemicals and tearing; reduces dust and holds in liquid, even when saturated
- Ideal for skimming oil off of acid baths or for use in other acidic environments
- Floats to clean up spills on water confined by booms or socks
- Skin is UV resistant up to 12 months; meets NFPA 99 standards for static decay
- Absorbs and retains oils and oil-based liquids - including lubricants, fuels and cleaning agents - without taking in a drop of water
- Bright white color makes pillow easier to see in outdoor environments, draws attention to machine leaks and clearly shows saturation level
- Can be incinerated after use to reduce waste or for fuels blending
